VOLUME VII—NUMBER 97

PADUCAH, KY., SATURDAY EVENING, APRIL 13, 1901

10 CENTS PER WEEK

IN THE COURTS

The Grand Jury and Circuit Court Will Be in Session Another Week.

MANY INDICTMENTS FOUND

Today Has Been Almost Devoid of Happenings in the Various Courts.

NEWS FROM JUDGE SANDER'S COURT

The criminal term of circuit court lasts but one week longer, and the docket will probably be cleared by the expiration of that time.

Today the grand jury was granted another week in which to transact its business, after it had returned the following indictments:

One against Newt Davis, alias Joe Davis, white, for unlawfully obtaining money by false pretenses.

One against Robert Hamilton, colored, charged with setting up a game, one against David Hall, colored, for larceny.

One against Chas. Johnson, colored, for petit larceny.

J. D. O'Brien, insurance business, along without a license.

Will Vanhook, grand larceny.

Wm. Hurd, obtaining money by false pretenses.

The following cases were ignored: Will Calhoun, false swearing, Louis Balford, malicious cutting; Marsh Hopson, malicious cutting; Porter Mitchell, housebreaking, Al Winfrey, malicious assault.

It is probable that Judge L. D. Husbands will preside next week.

The petit jury for the civil term of circuit court which begins Monday week has been drawn, and out of 30 men drawn 26 live out of the city, 4 of the present grand jury and petit jurors, 48 in number, 32 reside in the county.

Justice R. J. Barber, on account of Coroner Phelps' illness, went out and held an inquest. He was conveyed to the scene on a hand car, accompanied by Trainmaster T. H. Banks.

The only evidence before the jury was that of a superstitious colored boy, 14 years old, who was on his way to a church. He carried a lamp to light the way. He was asked if it was a lantern, but insisted it was a

only one was found. In the man's pocket was a pocket book containing \$1.65 and a letter from Arthur Adams dated April 6, Lockport, Ky., and is addressed to his brother, Owen Adams. The former has been written and the remains are being held. Lockport is a small place in Henry county.

GIVING UP BENJAMIN.

Rev. G. W. Perryman preached at the Second Baptist church last night on "Giving up Benjamin," to a large congregation.

WANT TO INSPECT

The Board of Health Begins Its Agitation and Stirs Up a Fuss.

WHAT THE MINUTES SHOW

There are Indignant Butchers Who Demand the Names of the Alleged Offenders.

THE COUNCIL TO BE CONSULTED

The board of health, which has begun an agitation for the purpose of securing a meat and milk inspector for Paducah, claims that Paducah is a dumping ground for all the diseased cattle that can be loaded on her. Much of the beef rejected by inspectors in other cities is brought here, where there is nothing to prevent its being killed and sold on the market.

The board claims to have evidence of an indisputable character, and that it clearly establishes the fact that too long ago a cow almost blind, with a temperature of 104 degrees, and afflicted with a pus sack on her side large enough to contain a gallon of fluid, was brought to the city. The board asserts that it has positive evidence that a butcher, on the same day the cow was observed by the president of the board of health, purchased her and that on the third or fourth afternoon thereafter the animal was butchered and disposed of to patrons. It was the sense of all the members of the board that as soon as evidence sufficient to warrant any action could be secured the guilty person should be arrested and made to suffer the penalty for selling beef unfit to eat.

The minutes state further that the board is cognizant of the following facts regarding diseased beef being disposed of at the market within the past few months: That a cow thin in flesh, which had calved only two weeks before, had fallen by the roadside, near the city, and was ordered killed by the authorities; that this order was not heeded; that on the following day a butcher purchased the animal while she was lying prostrate upon the road for \$3, stating at the time that he wanted the beef to feed to his hogs. A careful inspection of the piggery by the health officers failed to reveal any bones of animals to show that hogs had devoured the carcass.

Another case is where it is claimed a heifer with tuberculosis dysentery was purchased for \$2 and disposed of by a butcher. Another case is where a cow with "lumpy jaw," which means all her teeth had fallen out, and which had been refused at the stock yards, had been purchased by one of the city's butchers for marketing purposes. It is claimed also that there is evidence that a cow heavy with calf was slaughtered a few days before calving time and the carcass sold as beef, while the unborn calf was dressed and disposed of for veal. The butcher upon being questioned about the incident remarked, so the board states, that it was a common custom to sell veal calves before birth when they were not too heavy.

Now that the agitation is started, the people are becoming aroused, and so are the butchers who claim they have always sold pure, wholesome meat. They are so indignant that the probability is they will force the board of health to divulge the names of the offenders.

It is understood application will be made to the council Monday night to have milk and meat inspectors appointed for Paducah.

The People's Friend—The SUN.

A case of interest to Paducahans was decided in the Mayfield circuit court yesterday by Judge Robbins. It was in the case of Mrs. Henry Bougeno, of Paducah, and Harry Summerville, of Memphis, brother and sister, against the executor of the late Z. Summerville, of Mayfield, to break the latter's last will and testament. The claim was insanity and the court decided it was established and that the will, in which his last wife and her children were beneficiaries, was void.

The court decides that all participants in the will must share alike, which gives Mrs. Bougeno and her brother, who is a telegraph operator formerly in the employ of the Western Union here, their rightful share of the estate.

POLICE COURT.

A case against Mrs. Lucy Weisburger, charged with keeping a disorderly house, was filed away on condition that she leave the city. She was arrested last night.

Wm. Cagle was fined \$20 and costs for beating his wife. He was arrested a short time ago for kidnapping his child, and he and his wife finally agreed to live together. The evidence showed that he beat her because she bought some medicine for her sick child.

Sam Henderson, colored, was charged with driving a mule that was not able to be worked. He was acquitted.

The insulting language case against Tom Riddle was left open.

The case against Moses Bottom, for grand larceny, was continued again today, this time until Monday.

JUDGE SPENCE'S FUNERAL.

The funeral of the late Judge Spence will take place tomorrow afternoon at 2 o'clock. Burial at Mt. Kenton.

NO CONTEST.

THE MAGISTERIAL FIGHT HAS ABOUT PETERED OUT.

Squire Hartley has not filed his contemplated contest against F. F. Ghobson, who beat him three votes for magistrate in the Seventh district. No contest can be filed at present. Before Squire Hartley can contest he must allege in his petition that the certificate has been given to his opponent, and the certificate has not been given to his opponent, for no certificates at all have been issued by the county committee.

Secretary Eaton stated this morning that certificates do not have to be issued until some time in October. The proper way to contest, said Secretary Eaton, was to file an injunction suit.

RAILROAD NOTES.

A PHILADELPHIA OFFICIAL PASSES THROUGH PA.

Mr. Francis L. Gowen, of Philadelphia, president of the O. O. and G. railroad, passed through the city last night in his special car going south to Memphis.

Several workmen employed in the shop here have been in the employ of the road twenty-five years, but of the engineers, "Daddy" McGuire is probably the oldest in the service, having served at the throttle about twenty-five years.

Master Mechanic Barton returned from Louisville last night.

TO IDENTIFY SUSPECT.

Marshall J. A. Leitcheid, of Providence, Ky., is expected today to identify the negro arrested before last by Captain Henry Bailey and Officers Sengery and Goniers and believed to be Tom Williams, wanted at Providence, for perjury. The negro claims that his name is Eli Hamilton and that he knows nothing about the Providence charge.

STATE CLOSED

A Motion to Dismiss the Garnett Ripley Case at Frankfort Was Overruled.

DEFENSE STATES ITS CASE

More Trouble feared at Whitesburg—Two Killed and Five Wounded in Yesterday's Battle.

SOLDIERS DESERT FT. LEAVENWORTH

Frankfort, April 13.—Wharton Golden testified this morning in the Garnett Ripley case, and gave about the same evidence that he did at the Georgetown trial. He did not connect Ripley with any alleged conspiracy.

One new statement that he made, however, was that Taylor said in talking about a week before the assassination "it is horrible to think of killing a man, but Goebel and that gang must be killed or I will lose my office."

The commonwealth announced ready to rest its case after examining several unimportant witnesses.

The defense moved for a dismissal of the case, which motion was promptly overruled. Judge O'Neil then stated the case for the defense. He said that Ripley was not connected in any way with any alleged conspiracy or conspirators, and that there was no evidence to show that he was.

DESPERADOES THREATEN TROUBLE.

Whitesburg, Ky., April 13.—The desperadoes are gathering recruits, and

trouble is hoarse feared between them and the friends of Will Wright and Isaac Willard, members of John W. Wright's posse killed yesterday in a battle with a gang of outlaws led by Noah Reynolds and Creed Potter.

Reynolds and Potter, with a dozen others, are indicted for the murder of Mrs. Jennie Hill and her son in November. They have been hiding in the mountains and a posse has been after them for a month. Three members of the posse were wounded. Noah Reynolds sustained a wound, but it probably is not fatal.

John W. Wright, who led the posse in pursuit of the men, is a noted mountain detective. He has been especially active in raising down members of the gang who killed Mrs. Hill and her son and robbed her house of several hundred dollars. The crime was the worst in Letcher county's history, and there was some evidence to indicate that it was a conspiracy formed by an oath bound league. One of the men who aided in the crime was given a life sentence at the last term of court, and others are in jail.

SOLDIERS DESERT. Fort Leavenworth, Kan., April 13.—One hundred and fifty recently enlisted United States soldiers have deserted at Ft. Leavenworth and are being searched for.

LEAVES PADUCAH TOMORROW. Mr. Frank Fulton, who is in the city winding up his business, will leave for Chicago tomorrow for good. Mr. Fulton has gone into the lumber business in Chicago.

THE RIPLEY TRIAL.

The Democratic demagogues who are engineering the farcical trial of about Frankfort evidently stake the result in the Garnett Ripley trial, on proving that Capt. Ripley said that Gov. Taylor said that Goebel didn't have 24 hours to live. After they have conclusively established the fact that Capt. Ripley said that Gov. Taylor said so and so, they will have sufficient evidence to convict both Capt. Ripley and Gov. Taylor! But this is only one of the many remarkable features of Democratic justice, and is not to be wondered at by those who kept up with the other trials.

There seems to be no doubt, from the evidence adduced, that Capt. Ripley said some things he had better left unsaid, but whether or not Gov. Taylor ever uttered the statements Ripley attributed to him is another question. If a thousand witnesses should swear that Capt. Ripley said Gov. Taylor declared that Goebel didn't have 24 hours to live, it wouldn't necessarily follow that Gov. Taylor said it. On the contrary the foolish talk of Capt. Ripley on those occasions indicate that he was drunk or crazy, and not entitled to any notice whatever. Judge Yost, who heard Ripley's statements, said that Ripley talked like a man drunk or greatly excited, and common sense will permit an unbiased person to take no other view of it than that he was drunk, excited, incoherent at Gov. Taylor, or from some other cause irresponsible for what he said.

Sensible people will certainly give Gov. Taylor credit for having more intelligence, even if he were mixed up in any conspiracy to kill Goebel, than to go about crying it on the street corners, or telling it to irresponsible persons, which would mean the same thing.

And if Capt. Garnett Ripley had been implicated in such a conspiracy, he, too, would doubtless have had too much regard for his own safety to say anything that would lead to his exposure and arrest.

The truth is that a few hot headed Republicans, like a few hot headed Democrats, talked entirely too much in those troublous times. A great many meaningless threats and unintentional boasts were made that were seized by Democrats then in power, and for political effect used to prosecute innocent men. Those were times when it was dangerous for a Republican to open his mouth for fear of saying something that would be garbled and distorted and then used to connect him with some awful, imaginary plot to assassinate Goebel.

The people of Kentucky are perfectly familiar with the travesties that have been perpetrated within the past year in the name of justice, convicting innocent men of a cowardly crime with political juries, a partisan judge and perjured testimony.

There has never been any evidence of consequence against any of the alleged conspirators except what some one claimed to have heard him say; and during the feeling and excitement of that memorable contest and its terrible termination, a great many good but overwrought people on both sides doubtless said too much.

In this Ripley case there is the same old story. A political jury, which makes the monotony of hearing evi-

dence entirely superfluous, is trying a man for his life, and he will probably be convicted for what he said, whether he did anything or not.

Of course the fact that out of the four juries that have tried the alleged conspirators there was only one Republican indicates nothing to the particular Democratic mind. Neither does the fact that perjury and subornation of perjury have been conclusively proven. So far as the unscrupulous gang of office seekers who have appropriated \$100,000 to find Goebel's murderer and have found six or seven already, is concerned, neither does the fact that the cases already tried have been reversed, count for much. They are out to convict anybody, provided he is a Republican, and they have \$100,000, with a brilliant array of perjurers, disreputable lawyers and boot-lickers to do it with. After they have exhausted the "conspirators" in the other parts of Kentucky, they may come down here and help themselves to a choice selection in this section of the state. Their well developed sense of justice would never be shocked if every Republican in Kentucky, black or white, were arrested and kept in jail the rest of his natural life for the murder of Wm. Goebel. Every good Republican in Kentucky desires to see the cowardly assassin punished when he is found, but to try and convict men on such evidence as the Democrats have employed, is revolting to any man imbued with even a vestige of honor and fairness.

If the board of health has evidence enough to charge that any butcher in Paducah sold diseased meat, to his patrons, it doubtless has evidence enough to prosecute. If it hasn't enough evidence to prosecute, it should not have made the matter public without giving the butcher's name. It is an injustice to the other butchers, and they are rightly indignant over it. Several have called at The Sun office today and demanded of the board of health to know the name of the butcher who is alleged to have sold the meat described in the board's minutes. To withhold the name is an injustice to all the innocent butchers. If it is withheld to protect the guilty, it is showing him a consideration to which his conduct does not entitle him. If the board of health hasn't enough evidence to justify it in exposing the butcher, it hasn't enough to have made the matter public at all, and should make a clean breast of it or acknowledge that it was premature in its charges.

When the city electric light plant is adorned with the two new dynamos recently purchased, it is to be hoped that the time-honored practice of lighting some parts of the city with "tallow-dip" lamps will be abolished. An effort will then be made, it is understood, to do away with the "in moon light we trust" system, and use the lights every night, instead of only when the calendar shows there is no moon. The public is entitled to good lights not one night, but every night. The presumption that the moon will furnish light a certain number of nights a month is one that has caused many a good citizen to have to grope about in impenetrable darkness trying to find the street he lives on, and is one of the best of the many evidences we have of the thoughtfulness of our city council.

Somebody seems to have sold the government a gold brick when the Logan statue at Washington was bought. A bronze tablet on the side of the pedestal bears a picture purporting to be the swearing in of Logan in the United States senate, with Vice President Arthur administering the oath, and several well known senators on each side. It develops from investigation that Gen. Arthur was not, vice president during any of the three terms served by Gen. Logan, and consequently could not have sworn him in, and that the senators in the group were not in the senate during any of Gen. Logan's three terms. The artist must have been either very ignorant or else a very bad artist, when his portraits look like anyone but the persons they represent.

If the committee from the Cuban constitutional convention that is to call on President McKinley would stop to think, perhaps it would forego the long and useless trip to Washington. President McKinley can offer the obstinate Cubans no relief. Congress has instructed him to withdraw no troops until the Cubans comply with certain requirements. They have refused to do this, and the president is left powerless to aid them any further. Cuba has worked on the sympathies of the people of the United States long enough. The people are beginning to become suspicious of her.

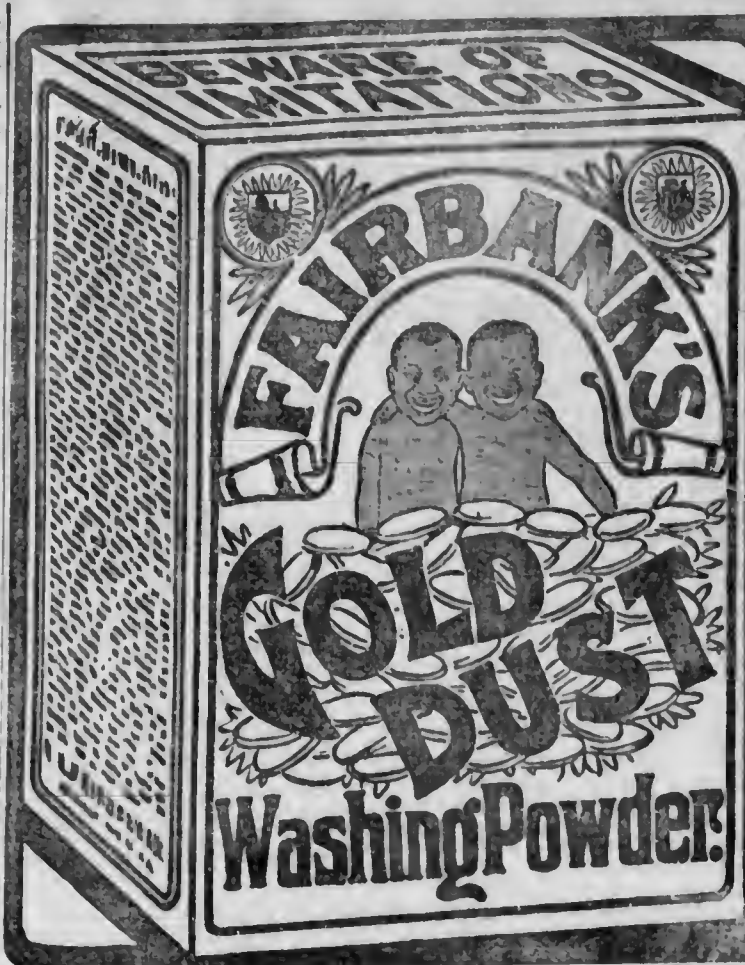

Mr. Bryan, in The Commonwealth, which was published yesterday, depicts the election of Rella Wells, mayor of St. Louis, and accents in it disaster for the Democratic party. The Democrats have been trying to claim that the election in St. Louis was a Democratic victory. So far as disaster to the party is concerned, it's nothing when you get used to it. Mr. Bryan and the Democratic party have had nothing but disaster since they became sycophants.

House Work is hard Work without GOLD DUST

BROOKPORT NOTES.

MATTERS OF INTEREST REPORTED FROM THE GROWING VILLAGE IN ILLINOIS.

Brookport, Ill., April 13.—A large delegation is attending court at Metropolis this week from the cause that the village sued the county on various bills arising from smallpox pestilence here two years ago. The village board paid all claims and ask the county to refund to them which they refused to do except on one or two very small items.

The railroad boys had a little batch of trouble on the levee yesterday. A couple of empty cars got away from an engine on the hill and ran down on top of the engine under the hill, hit her in the face and bounced off the track, blocking her up in the hole. The other engine had to proceed to dig her out and the third engine was temporarily crippled, caused them to "ring" the passenger engine into service a little while.

Audly Higden is wearing the star while Marshal Lytton is attending court at Metropolis.

Pell tickets are in the field for village election—school trustees and members of the board of education—and all is well in the political circles. For the past day or two spring has begun to show up the house cleaning epidemic.

Fireman Bart Thorn has resigned his position, to go elsewhere.

Miss Maude Whalin has resigned her position in Yardmaster Whalin's office.

The new fire engine is expected next week. The engine people will make a demonstration of capacity of their machine. The village will build cisterns for a water supply.

ASSIGNED AT DUKEDOM
Allen F. Clout, grocer and general merchandise merchant, at Dukedom, yesterday made an assignment for creditors to Tobe McGuire, liabilities about \$2,300, assets \$2,000. Mr. Clout had been in business for many years at Dukedom, on the Tennessee side.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a general disease.

stitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. TOLD BY PAIN

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women today who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells you of danger you can cure yourself by the use of

WINE OF CARDUI

You can be cured without distressing publicity—in the privacy of your home. With these facts before you there is no reason for the delay pain today?

I have used one bottle of Wine of Cardui and one package of Thedford's Black-Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going in use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

WEEK'S TRADE.

INCLEMENT WEATHER AFFECTING THE RETAIL BUSINESS

Building Trades are Active River Trade Good. Wholesale Men are Satisfied. — Collections Fair.

The retail trade the past week has not been as good as it should have been but weather conditions have been against it. Spring seems very backward and as a result the retailers suffer. Trade should, however, be exceptional this year as the number of employed is larger than for years and the average scale of wages received is high.

The planing mill people report the trade in lumber as being excellent.

The wholesale men seem never to have a bad season. The reports for the present are very good with collections fair.

The Elks carnival work is helping business and all lines are bound to feel it more or less. The fair is being splendidly advertised and will prove as good a thing for the town as the street fair of a year and a half ago.

The river trade is good with the prospects of much life being injected into it in the next few weeks. The new line of boats to Chattanooga is getting fine business and the prospects for the future are most excellent.

As an evidence of the great trade some of the local wholesale houses are enjoying is the fact that one prominent concern booked orders one day for \$14,000 of goods.

The prospects of a good season for the Paducah Packing company is as good as good. The average of planting is large and if the weather is only favorable the season will be splendid.

The Famous Pants works started this week making the first run. It was very satisfactory to the owners, the Messrs. Wolfe.

REAL ESTATE
By W. M. JAMES.

The real estate market the past week was as active as the preceding good weeks, and many trades reported. The demands for houses of all sorts is good and building very active.

The clearings for the past week passed the half million mark and show great activity. The total was \$513,321.09. The general business at the banks like everywhere else was dull.

TOBACCO.

The tobacco market the past week was very satisfactory, at least to some of the houses. Prices were firm, J. W. Graham & Co. selling one hoghead at \$12. The wet weather will give a splendid impetus to the loose tobacco trade and it will no doubt come in very lively for some time.

Inspector Miller's report for the week is as follows:

Receipts for week, 191 hogheads. Receipts for year, 2319 hogheads. Offerings for week, 121 hogheads. Deliveries for week, 29 hogheads. Private sales for week, 3 hogheads. Sales for week, 95 hogheads. Sales for year, 982 hogheads.
